THE THREE BISHOPS

# Weddings

Within our new private function room, our wedding coordinator will help to relieve the stress by designing a wedding venue to ensure your day is really special.

We can dress the room with any colour scheme, in order to match your dresses, flowers - or just your imagination - and our highly trained chefs can design a fine menu suited to your needs and personal requirements.

Menu choices, evening buffets, wine, live music and a Master of Ceremonies, can all be discussed in one-to-one meetings with our Wedding Coordinator, who will oversee your entire event.
